The 1998 edition of *Accounting and Financial Reporting for Not-for-Profit Recipients of Grant Funds in Tennessee* has been revised under the general supervision of Dennis F. Dycus, CPA, CFE, CGFM, Director, Division of Municipal Audit, Comptroller of the Treasury. Fred Adom, CPA, Director, Financial Systems Consulting Group, Resource Development and Support, Department of Finance and Administration, directed the revision of the manual, assisted by Iris R. Owen, CPA, Auditor, Division of Municipal Audit, Comptroller of the Treasury.

Staff of a number of Tennessee state agencies provided assistance including Jack Hill, Division of Accounts, Department of Finance and Administration; Barbara D. Toms, Division of Charitable Solicitations, Tennessee Secretary of State; Julie Smith and Paul Lamb, CPA, Department of Health; and James Harper, CPA, and Perry Register, Commission on Aging.

Our special thanks go to Dianne Mitchell McKay, CPA, and the late Fawn Ellis, CPA, Division of State Audit, Comptroller of Treasury, for their review of Policy 03, which is addressed in Section 9 of the manual.

Many groups have assisted the State of Tennessee to make this manual as useful to state agencies and subrecipients as possible. It is a pleasure to take this opportunity to acknowledge their participation. Our warm thanks to them all, beginning with the Tennessee Society of Certified Public Accountants Government Committee, chaired by Boyce P. Simpson. Their comments were especially helpful.

A major contribution to the revision of this manual was made by Wilson Levis and Anne New of the Nonprofit Management Group, School of Public Affairs, Baruch College, City University of New York. Participation of the Nonprofit Management Group was funded in part by Lilly Endowment, Inc., and The Charles Stewart Mott Foundation.

The National Grants Management Association (NGMA) formed a task force to assist with the revision. This task force was co-chaired by Charles Gale, Office of Grants Management, U.S. Department of Health and Human Services; and Donald Berkheimer, Grants Management Systems. NGMA is an organization of professionals dedicated to improving the management of government grants and other assistance programs.

The Greater Washington Society of Certified Public Accountants also formed a task force to provide assistance, chaired by Margaret DeBoe, CPA, Rubino & McGeehan, CPAs.

Several members of these task forces deserve special recognition. Ronald Speck, a cost policy officer with the U.S. Department of Health and Human Services, assisted with the cost principles aspects of the manual. Robert Gardiner with the Exempt Organizations Division of the Internal Revenue Service reviewed the sections in the manual related to the IRS Form 990. Gerard Keffer, who is responsible for the Single Audit Clearinghouse at the U.S. Bureau of the Census, was also helpful.

Providing extensive assistance with the general purpose financial reporting sections of the manual were Richard Larkin, Price Waterhouse; Kathy McKinless, KPMG Peat Marwick; Keith Long, Watkins, Meegan, Drury & Company; and Grant Wills, Nonprofit Service Group.

Karen Franklin of the Tennessee Council of Community Services was also involved in the preparation of this manual. John Antos, Antos Enterprises, Inc., consulted on activity-based accounting.

On behalf of the State of Tennessee, we again wish to express our appreciation to all the participants in this project--including many individuals and organizations not listed above.
